Lucy will work with a client to determine the best possible price & outcome)
	Hourly rate If you have a particular piece of research that needs looking at, or to test the water on a theory, you can buy a few hours research time.			£24ph

A client can choose from a basic diagram price, or a +documents package, where copies of key documents used in reasoning and research are collected, annotated and transferred to the client once the work is complete.

Each family tree diagram and report is created new and bespoke for each client. None of them are automatically computer generated, and GED files are not used.

Full example versions of diagram types are available on Lucy's website: www.lucywhitfieldhistorian.co.uk

A full list of terms and conditions will be provided when discussing booking work. Alternatively, these are also available to view on Lucy's website.

* A Scottish surcharge will be added in some cases. Due to the nature of research into Scottish records, which operate on a pay-per-view basis, ancestry that goes into Scotland will incur a surcharge to enable research. This will normally be £20 extra, but may fluctuate depending on the nature of the family. Client will be kept informed at all times of extra charges.

**A "direct ancestor" is a parent, grandparent, great grandparent, great-great-grandparent, and so on – everyone who had a biological hand in making a person. A non-direct ancestor would be a sibling, cousin, aunt, uncle, third cousin twice removed, and so on.

Price includes one good quality print, but does not include postage and packaging. Extra copies are charged at £5 per A4 and £10 per A3.
